

IronMaven J420

Ironing System

Type	Single tank boiler
Electrical	110V / 120V
Water Capacity	5 cups – 1.2L
Operating pressure	50 PSI – 3.5 bar
Wattage	1450 / 1750W
Iron	3.1 lb – 1.4 kg
Power consumption	13.18 amps (110V)
Tank construction	Stainless Steel 18/10
Electrical cord	8' – 2.4 m
Steam hose	5' 7" – 1.7 m
Net weight	11.5 lb – 5.2 kg (with iron)
Shipping weight	13.75 lb – 6.2 kg
Product dimensions	12.5" x 12" x 12"
Shipping dimensions	12.5" x 13.3" x 13.3"
Electrical approval	cETLus
Warranty	Limited 1 year, 3 years tank

FEATURES

- Removable iron rest
- Easy to use control panel
- Convenient cord storage
- Dual safety and fill cap
- Professional iron with cork handle
- Aluminum soleplate
- Low water indicator

THE SECRET IS IN THE STEAM

Steam is the "secret" to getting a clean, crisp and professional finish to your garments. Steam is used to soften the fibers, and the weight of the iron shapes the fabric. This is done effortlessly when you have the right tools to do the job.

USE WHAT THE PROFESSIONALS USE

Made in Europe, using the best components available, when you hold the iron in your hand you'll appreciate the exceptional quality. With so much steam available at your fingertips, ironing time is dramatically reduced.

Smart. Professional. Reliable. Since 1955.
